FOREWORD...

"Forty-Niners"—A hundred years ago great crowds of people pushed westward in one of the most exciting adventures recorded in the story of America. Gold was the lure which led them westward over the mountains, through the plains and deserts to California.

We learned from the 1948 CASTLE, which had Fincastle as its theme, that some of the forty-niners passed through our historic town following Wilderness Road westward across the mountains.

We, too, will soon "go west" on a Wilderness Road but we feel that because of our years in Fincastle High School our pitfalls will be fewer than those encountered by those seekers of gold of another day.

We have been helped by our parents, our teachers, and our friends to make ready for *our* gold rush. It may not all pan out as we would have it do, but we feel that our wagons are ready and our muskets are loaded for that unexplored west which lies beyond us. So to the strains of "Oh, Susanna" and the rumbling of the covered wagons, find a place to ride and come with us, the Senior Class of '49, on our gold rush.

In an attempt to show our appreciation for the times you have helped us and for remaining our friend through all our school days, we dedicate to you,

MISS LULA SLUSSER

Anywhere . . . Anytime
You Trust its Quality

In this book are pictures of the friends whose companionship has made your years of study happy and memorable. We hope that Coca-Cola has added some small measure of enjoyment to your lighter moments—that Coke has been a friendly part of your most pleasant gatherings.

Wherever you go, whatever you may do, you will find that a relaxing moment now and then always helps you get the most out of life. And whenever friendly refreshment is in order, you can count on ice-cold Coca-Cola to make any pause "The Pause That Refreshes".
